

Career Objective

Motivated and detail-oriented Computer Science student with hands-on experience in React.js, Next.js, Node.js, Express.js, and MongoDB. Seeking a Full Stack Developer position where I can leverage my expertise in building scalable web applications, solving complex problems, and delivering high-quality user experiences.

Technical & Soft Skills

- **Programming Languages:** JavaScript(ES6+), Python, C++, C
- **Frontend:** Next.js, React.js, Tailwind CSS, Bootstrap, DaisyUI, HeroUI
- **Backend:** Node.js, Express.js, MongoDB, BetterAuth
- **Development Tools & Platforms:** Git, GitHub, VS Code, Netlify, Vercel, Render
- **Soft Skills:** Problem Solving, Attention to Detail, Communication, Adaptability, Team Collaboration

Experience

Full Stack Developer Intern | NexGenix

June 2026 – Ongoing | Chittagong, Bangladesh

- Developed responsive full-stack web applications using Next.js, React.js, Node.js, and MongoDB.
- Integrated REST APIs and authentication systems to improve application security and user experience.
- Collaborated with developers to optimize database operations and enhance application performance.

Projects

DocAppoint - Doctor Appointment System

[Live](#) | [Client](#) | [Server](#)

DocAppoint is a modern full-stack doctor appointment booking platform that enables users to explore doctor profiles, book appointments, and manage bookings through a secure and responsive dashboard.

Features:

- **Appointment Booking & Management:** Enables patients to explore doctor profiles and schedule appointments online with real-time availability.
- **Doctor Search & Discovery:** Patients can search for doctors based on name, specialization to find the right healthcare provider quickly.
- **Analytics Dashboard & Responsive UI:** Built user dashboard for managing appointments and profile information. Designed responsive and modern UI for mobile and desktop devices.

Technologies Used: Node.js, Express.js, MongoDB, BetterAuth, Next.js, React.js, HeroUI

Wanderlast - Travel and Destination Booking Platform

[Live](#) | [Client](#) | [Server](#)

Wanderlast is a modern full-stack travel and destination booking platform where users can explore, add, manage, and discover amazing travel destinations from around the world.

Features:

- **Destination Discovery:** Browse dynamic destination listings with detailed information, pricing, images.
- **Destination Management:** Implemented full CRUD functionality, allowing users to add, edit, and manage travel destinations efficiently.
- **Authentication & Security:** Integrated JWT/Better Auth with protected routes, secure sessions, and user-specific access control.

Technologies Used: Node.js, Express.js, MongoDB, BetterAuth, Next.js, React.js, HeroUI

Problem Solving Profiles

- [Codeforces](#): Pupil Coder(Max Rating: 1244) | 498+ problems solved.
- [CodeChef](#): 2* Coder(Max Rating: 1451) | 150+ Problems solved.
- [LeetCode](#): 96+ problems Solved

Education

B.Sc. (Hons.) in CSE

BGC Trust University Bangladesh, Chittagong, Bangladesh

(2023 - Present) | CGPA: **3.75 / 4.00**

Certification

- Phitron Competitive Programming Certification - [Certificate](#)

Languages

Bangla (Native) | **English** (Fluent)
